1260 72

- The 1260 Series combines the best features from the previous 1070 and 1370 into a single versatile and economical cast iron closer, with dual mounting capability.
- Adjustable from size 1 to 5 for interior doors for 4'6" doors and exterior doors for 3'6" doors.
- Closer mounts hinge side, top jamb and parallel arm on either right or left swinging doors.
- Aluminum Powder Coat Finish
- Cast iron cylinder
- Meet handicap standards for reduced opening force.
- ANSI standard A156.4, Grade 1
- Peel and stick template
- UL & cUL Listed (without hold open arm)
- Capable of ten million cycles.

1460 Commercial & Institutional Closer

- Designed for maximum versatility, the 1460 can be used for both commercial and institutional applications. This fully universal closer offers a wide variety of options and for new, fast and accurate installation.
- Adjustable from size 1 to 6 for interior 5' doors and up to 4' for exterior doors.
- Closer mounts hinge side, top jamb and parallel arm on either right or left swinging doors.
- Powder Coat Finish
- Supplied with slim line cover.
- Meet handicap standards for reduced opening force.
- ANSI standard A156.4, Grade 1
- UL & cUL Listed (without hold open arm).

For arm type functions see beginning of LCN section

1460-3077

- Non-handed arm mounts hinge side or top jamb. Parallel arm mounting requires shoe supplied with complete closer.
